1. [ ] [ ] accompanied [ ]

25X1

[ ] O/Security, for a defensive briefing of Representative and Mrs. Howard H. Callaway in preparation for their departure later this week for Europe and then the Soviet Union. Representative Callaway was most appreciative of the Agency's response to his request and indicated that although he had received certain briefings from the Bureau and the Department of State, he was most pleased that he had had a chance to talk to us before his departure. The question of meeting with Representative Callaway for debriefing after his return was broached by Representative Callaway but no time or place for meeting was established. In passing, the Representative noted that he had been advised by the State Department that it would be preferable that he not do any broadcasts over RFE or Radio Liberty prior to going into the Soviet Union but that there would be no problem in making tapes or making such a broadcast after he comes out of the Soviet Union.

Representative and Mrs. Callaway advised that Representative and Mrs. Rogers C. B. Morton of Maryland are now planning to travel with them and are hopeful that the State Department can obtain the necessary visas so that they might travel together on the itinerary established for the Callaways. We may expect a call from Representative Morton's office for a similar briefing.
